- December 2015 On December 2, 2015, the Hawaii Supreme Court invalidates the Conservation District Use Permit issued by the Board of Land and Natural Resources (BLNR) to the University of Hawaii - Hilo to build TMT on Maunakea.
- At the time the permit was initially granted, a contested case hearing was also approved, as was a stay on construction pending the outcome of the contested case hearing. The Court in its decision noted: "Quite simply, the Board put the cart before the horse when it issued the permit before the request for contested case hearing was resolved and the hearing held. Accordingly, the permit cannot stand."
- The Supreme Court returned the case to the Hawaii Circuit Court with the following instructions: "We therefore vacate the judgment of the circuit court and the permit issued by the Board, and remand so that a contested case hearing can be conducted before the Board or a new hearing officer, or for other proceedings consistent with this opinion."
- February 2016 The Third Circuit Court transfers the second Conservation District Use Permit (CDUP) contested case hearing to the State of Hawaii Board of Land and Natural Resources.
- The TMT International Observatory Board of Governors announces that while Hawaii remains their first choice for the location of TMT, a review of alternate sites will be carried out while the second CDUP contested case takes its course.
- April 2016 On April 1, 2016, the State of Hawaii Board of Land and Natural Resources announces that retired Hawaii Island circuit court judge Riki May Amano (Ret.) has been selected as the hearings officer to conduct the second CDUP contested case hearing.
- October 20, 2016 The second CDUP Contested Case hearing begins in Hilo.
- October 31, 2016 The TMT International Observatory (TIO) Board of Governors announces that it has identified Observatorio del Roque de los Muchachos (ORM) on La Palma in the Canary Islands, Spain as the primary alternative to Hawaii.
- December 15, 2016 Third Circuit Court Judge Nakamura rules on an appeal filed by Kalani Flores to vacate the Board of Land and Natural Resource's consent to the University of Hawaii's sublease to the TMT International Observatory and require a separate contested case.
- March 2, 2017 The Evidentiary Hearings portion of the second Conservation District Use Permit (CDUP) Contested Case comes to a close after hearing 71 witnesses over 44 days.
- May 30, 2017 Deadline for all parties in the second CDUP Contested Case to submit their findings of fact and conclusions of law.

- June 5, 2017 The Hawaii Supreme Court accepts an appeal of a lower court ruling that vacated the Board of Land and Natural Resource's consent to the University of Hawaii's sublease to the TMT International Observatory. The case will now be transferred from the Intermediate Court of Appeals to the Supreme Court.
- July 26, 2017 State Hearings Officer and former Judge Riki May Amano releases a 305-page report recommending that a Conservation District Use Permit (CDUP) be issued to the University of Hawaii by the Board of Land and Natural Resources to allow construction of the Thirty Meter Telescope on Maunakea in Hawaii.
- Sept. 20, 2017 State of Hawaii Board of Land and Natural Resources hears oral arguments from all parties in the second CDUP contested case.
- Sept. 28, 2017 The State Land Board announces its decision to approve the Conservation District User Permit (CDUP) for TMT to be built on Maunakea.
- Oct. 30, 2017 TMT opponents challenge the new Conservation District Use Permit (CDUP) by filing an appeal with the Hawaii State Supreme Court.
- March 15, 2018 The Hawaii State Supreme Court hears oral arguments related to the Consent to Sublease issue.
- April 13, 2018 The TMT International Observatory (TIO) Board of Governors defers a decision on whether to continue toward building the Thirty Meter Telescope in Hawaii, or to consider the alternative in the Canary Islands. A decision will be made on the planned location of the Thirty Meter Telescope as further progress is made in the legal and regulatory processes at both proposed sites.
- June 21, 2018 The Hawaii State Supreme court hears oral arguments related to the Conservation District Use Permit.
- August 8, 2018 The Hawaii Supreme Court issues its unanimous and favorable decision in the Consent to Sublease appeal reversing the decision of the lower court and finding that Kalani Flores was not entitled to a contested case hearing on BLNR's Consent to the Sublease between TIO and the University. As a result, the sublease is valid.
- October 30, 2018 The Hawaii Supreme Court, by majority decision, issues its opinion affirming the Board of Land & Natural Resources' decision to issue a Conservation District Use Permit (CDUP) for construction of the Thirty Meter Telescope (TMT) on Maunakea.
- June 19, 2019 The Hawaii Department of Land & Natural Resources issues a notice to proceed (NTP) to the University of Hawaii for the Thirty Meter Telescope on Maunakea. The NTP is a formal communication indicating that all pre-construction conditions and mitigation measures specifically required as a condition of the Conservation District Use Permit (CDUP) have been met. With the NTP, TMT can proceed with construction.
